The Bombay Gazette

MONDAY, JANUARY 3, 1881.

THE month of November was particularly rich in speeches from influential authorities, which might have been expected to throw a flood of light on the attitude of the various powers in treating the Eastern question. Certainly some information has been given, but much will remain obscure until all the official documents upon the subject have been put before the public. For the present we must be content with such slight revelations as have been elicited from Ministers by the vigorous criticisms of their opponents, or spontaneously afforded. From the information vouchsafed it is evident that there has been much misconception concerning the part taken by the different Governments in supporting the naval demonstration. From the vehemence with which Mr. Gladstone inveighed against the Turkish Government in opposition, and from the energy with which he carried out his ideas on the subject as Prime Minister, by bringing about the naval demonstration to force Turkey to carry out the duties imposed upon her by the treaty of Berlin, it was feared by many that he might, if other means failed, lead his country into war with Turkey, with or without the alliance of any other Great Powers. Perhaps these fears were not without foundation, as it is impossible to know how far his enthusiasm for Greece and his antipathy against Turkey might have carried him, had the gravity of the situation in Ireland and, in a less degree, the Basuto rising not diverted the attention of the Government to matters nearer home. At any rate these fears were dispelled by the speech at the Guildhall on November 9th, in which the Prime Minister made the comforting declaration that he did not think it was the duty of England alone to take upon herself obligations that belonged to Europe, and assured those present at the banquet that he and his colleagues were actuated by no enmity against the Turkish Government, but were only insisting upon the two things necessary to forward the chance of the continued existence of the Turkish power and to justify that existence,—"the one the fulfilment of international obligations, the other that the condition of the people over whom the Ottoman power was reigning should be rendered tolerable by good and equal laws." He also allowed that some progress, in accordance with the stipulations of the Berlin treaty, had actually been made. The [illegible] strikingly confirmed with the violence of the bag-and

TELEGRAMS.

THE OPERATIONS IN THE MARRI COUNTRY.

(FROM OUR SPECIAL CORRESPONDENT.)

SUKKUR, JAN. 1.

At a sample of the manner in which certain individuals at head-quarters can pervert the truth in defence of members of their own clique, I commend to your attention a recent announcement through the Press Commissioner regarding the operations in the Marri country. It is stated that the refractory sections of the Marri tribe, whom General Macgregor and four thousand Bengal troops most conspicuously failed to coerce, were overawed by Sir Robert Sandeman and two hundred and fifty sepoys. Accordingly, although somewhat inconsistently, my intimation to you that General Macgregor's expedition was a disgraceful fiasco, is ridiculed by that portion of the Indian Press whose vocation it is to obey the official nod. Here are the facts. There are now in the Marri country about two thousand five hundred troops and eight guns, mostly representing reinforcements hurried there during the past month. It is true that Sir Robert Sandeman's own influence and known determination, backed by General Phayre and the force mentioned above, has at last succeeded in bringing in those chiefs who remained "out," but even yet the fine imposed has not been paid—many think it never will be—in full. In publishing that General Macgregor miserably failed to perform the duty entrusted to him, you have only expressed the opinion universally held across the frontier—an opinion most emphatically borne out by facts.

THE GOVERNOR'S TOUR.

(FROM OUR SPECIAL CORRESPONDENT.)

JEYPORE, JAN. 1.

The ball at [illegible] on Friday night last was a great success. There was a large attendance. The Governor [illegible] with Mrs. Saunders, and Mr. Saunders with Mrs. [illegible]. Supper was laid for a hundred and eighty. Captain [illegible] proposed the health of the Queen-Empress; and [illegible] proposing the health of the Governor, he said that on the part of the staff of the railway [illegible] his loyal allegiance and [illegible] of their intention to render the railway useful to all provinces of India. Great pleasure was felt that the line was opened by a statesman of such distinction and railway experience. His Excellency, replying, said he was there solely in the discharge of his duty, accompanied by Mr. Ashburner, to assist in the inauguration of the railway. He hoped—indeed, fully expected—it would be abundantly successful, that there would be enormous traffic, and that it would be worked with efficiency and punctuality. His Excellency was perfectly sure that Captain Bisset would do everything that could be done, and that the staff would do no discredit to their manager. Sir James expressed satisfaction at the agreeable manner in which the line had been opened. He gave the toast of yesterday and last year to the health of Captain Bisset, who briefly replied.

The Governor left for Jeypore on Saturday morning, and was met at the railway station by the Raja and a number of thakores.

A REPORT is current at Peshawur to the effect that Amir Abdul Rahman has written to Mustafi Habibullah Khan, begging him to return to Kabul and take service as chief adviser to His Highness.

A NOTICE in General Orders conveys the Commander-in-Chief's appreciation of native regiments, and examine the book containing the records of officers' services, required to be kept up by section 22, para. 2, Bengal Army Regulations, and see that the record of every officer is complete up to date. They will also be so good as to call upon officers present at the inspection to produce the duplicate copy of their record, which they are required to have in their own possession.

IT is rumoured in Madras that H. E. Sir Neville Chamberlain will leave Madras for England on the 21st instant, but, the local *Mail* says, nothing is yet known for certain about either his own or General Roberts's plans. Should Sir Neville vacate his appointment before General Roberts's arrival, the command will devolve provisionally upon General Macintire, C. B., now commanding the Hyderabad Subsidiary Force.

THE home military correspondent of a contemporary understands that Colonel H. R. S. Newdigate, C. B., half-pay, late of the Rifle Brigade, is to be offered the command of the Rifle Depôt at Winchester, in recognition of his services in command of a brigade in Afghanistan.

THE inter-regimental polo tournament comes off some time in March next at Umballa. Lord Ogilvy, of the 10th Hussars, is honorary secretary.

THE *Statesman* understands that Mr. Ross Johnson, an old Calcutta Supreme Court barrister, has been retained by certain Rajees and Princes of Mysore with a view to watch and protect their interests in connection with the coming rendition of that State to the Maharaja. Mr. Ross Johnson arrived in Calcutta by the Khedive-i-Hind.

IN consequence of the frequent stamp frauds, the Calcutta Government is said to have asked the judges and other judicial officers for an expression of their opinion on the nature of the stamps to be introduced in future. The High Court, a local paper states, appears to be of opinion that impressed stamps may be more safely used than the present court-fee stamps.

MAJOR BARING has a task set him by the *Englishman*, who remarks that to our new Financial Minister would be due the gratitude of the whole Indian community, could he succeed even in introducing some clear system of State accounting in which the general public could believe, and which would permit of the preparation of brief financial statements, the perusal of which would not entail any greater strain on the intellectual faculties, than that of a half-yearly report of one of our large railway companies.

[illegible] arrived at Jellalabad, the Lahore paper surmises, is probably to take up the duty of relieving the escorts of the Pass Afridis conveying caravans between India and Kabul. This Jellalabad detachment may be intended to furnish the party to be stationed at Dakha for the same purpose.

THE Executive Council of the Governor-General are busy now, the *Pioneer* understands, reducing to concrete form the changes which must follow in Mysore when that State is formally handed over to the young Maharaja in March next. By the time the Viceroy reaches Calcutta his Councillors will be in a position to lay before him the exact state of affairs as they now exist, and Lord Ripon will further be able personally to consult with Mr. Gordon, the Chief Commissioner of Mysore, who will probably be the future Resident. The *Pioneer* announces in a general way that probably European heads of departments will at first still remain in their appointments, gradually giving place to native officials. Seringapatam will pass into the Maharaja's hands, but Bangalore will remain in our possession absolutely. Coorg will be under the control of the Resident at Mysore, and the coffee-planters need have no further fear of the labour difficulty cropping up.

THE Mahomedans of Calcutta are following the example of those of Bombay in endeavouring to improve the educational position afforded to the masses of their co-religionists. The Moslems of India have for years been heavily handicapped in the race of progress and improvement, by the indisposition that they have shown to avail themselves of the educational establishments of the Government. In the eyes of the majority of them, to do so would be to act in opposition to the precepts of their religion. There have been, it is true, for years, madressas in many of the large towns, founded chiefly by gifts and bequests of pious Moslems, but totally inadequate to the increasing requirements of the people. But the desire for improved means of education is now making rapid progress amongst Mahomedans of all classes, and this desire is receiving every encouragement from the leaders of the sect. The Anglo-Oriental College at Allyghar, where Sir John Strachey was lately presented with an address, is one sign of this, and another is a movement amongst the chief Mahomedans of Calcutta to obtain for their co-religionists the benefits of a separate college in that city. Government will no doubt give hearty support to the movement, as Sir Richard Temple did to the proposals to establish a Mahomedan College in Bombay.

A RULE has been issued for the guidance of census officers in Bengal, which is well calculated to prevent too prying curiosity on the part of the enumerators, and to save the people from unnecessary annoyance. It runs as follows:—"Every [illegible] limits of the local area for which he is appointed, such questions as may be necessary to enable him to fill in, in respect of each of such persons, the particulars required by the following form of schedule; but no census officer shall insist upon recording the name of any woman if there is any objection to giving it, or ask to see any female who is not voluntarily produced before him, or ask for any information not required for the purposes of the census, such as the amount of any person's income or the name of any woman's husband."

THE Lahore paper recurs to the gallant behaviour of Mr. G. Scott, the survey officer, who, with his party, while surveying in the Michni Hills about two years ago, was attacked by a large body of wild hill-men. Through the gallant efforts of Mr. Scott, who himself carried on his back a wounded soldier of his small escort, the party was withdrawn to Michni without the loss of a man. At the time the opinion of military men who knew the particulars of the case was, that but for Mr. Scott himself not a man of the party would have escaped; and his individual valour was considered fully worthy of the V. C., or some other decoration. Upwards of ten years ago Mr. Scott was presented by Government with a handsome sword for valour under somewhat similar circumstances; but up to the present moment no recognition has been made of his still more gallant conduct on the later occasion. We join in our contemporary's hope that Mr. Scott's case has only been shelved temporarily, and that it may yet meet with due consideration.

NEWS from Kabul which has come to the knowledge of the Allahabad paper is still of a somewhat unsatisfactory nature. The Ameer, after crushing that at one time seemed likely to turn into a serious outbreak against the Kizilbashes, is wasting much valuable time and neglecting his State affairs for the society of his wives, on whom he is said to have lavished the most handsome presents. None of the sirdars have had their allowances fixed; and this has naturally caused dissatisfaction. General Muhamad Jan has been granted an allowance of fifteen hundred rupees a month; but he still declines to openly espouse the cause of Abdul Rahman. All his attempts to collect the revenue of the country in the neighbourhood of Kabul for the last two years having failed, His Highness had despatched troops to Jellalabad to assist the Governor to get in outstandings in that district. The intention of the Ameer to visit India is freely discussed in the bazaars, though we have not heard that Government has received any intimation that His Highness is likely to make such a visit, beyond what was said by Abdul Rahman to Mr. Lepel Griffin in August last.

A PRIVATE soldier of the 2nd Battalion, 6th Regiment, named Thomas Rudge, was arraigned before a court-martial at Cawnpore on the 24th November last on the following charge:—"Having, at Cawnpore, on or about the (13th) thirteenth day of November, 1880, when brought a prisoner before his commanding officer, Lieutenant-Colonel Henry Broome Fielden, at the regimental orderly room, used insubordinate language to the said Lieutenant Colonel Henry Broome Fielden, of the same battalion, his superior officer, in substance and to the effect following; that is to say—'I beg your pardon, Sir, you will find someone else to do it, for I won't. You can march me to the guard-room; and then I won't do it.'" The man was found guilty, and sentenced to be imprisoned with hard labour for 730 days, "and in consequence of the nature of the offence, and the fact that the prisoner is a young soldier, the above imprisonment is not to be in the United Kingdom." The sentence was "approved and confirmed" by the Commander-in-Chief.

"AN English journal for the ventilation of native opinion and thought" is about to be published at Lahore, with the style and title of the *Tribune*. The aim of the paper, the prospectus tells us, will be "to advocate the cause of the dumb millions of India in general, and of Upper India in particular. It will be our aim to make known to our Government the wants and grievances of the people, their hopes and aspirations, and their views and opinions in reference to it and its actions. It will be our aim, on the other hand, to interpret faithfully the Government to the people, so that they may not misunderstand its benevolent measures and actions. The *Tribune* will be conducted on broad, catholic principles, and will endeavour to represent the views of the more advanced portion of the community."

A "THREE BLACK CROWS" story comes from Bengal, in connection with the Santhals. Powder magazine at Giridhi, wherein was stored the blasting powder used in the local mines, had been robbed of a good deal of its contents. The audacious Santhals, however, have not been guilty of the offence attributed to them, nor, indeed, has there apparently been any breach of the Penal Code in the matter. The simple facts of the case are that the official in charge of the magazine had not found it necessary to keep any very detailed account of the powder he, from time to time, gave out for use in the mines, and, further, had such entire confidence in his Santhal miners that he often left the magazine unlocked. When, however, tidings reached Giridhi of the recent occurrences at Jamtara and preparations were made against a local rising, this officer, in examining the powder in the magazine, found that a larger quantity had been consumed in blastings in the mine than he was at first aware of; and from this beginning, by the ordinary process, the rumour grew and spread that the magazine had been robbed by the Santhals in preparation for a rising. The rumour originally reached a Calcutta contemporary in the interesting shape that a body of armed Santhals had carried off the powder after a bloody conflict.

THE Hon. W. H. Trescott, one of the members of the High Commission sent to Peking by the Government at Washington, left China for home early in December. It is stated by the *China Mail* that great satisfaction was felt by all the three gentlemen composing the Commission with the results of their labours, the principal of which is that the Chinese Government has conceded the right to the United States of legislating on the subject of immigration in any way in which the Government of the country may see fit.

WE read in the China papers that the steamship Glenfinlas sailed from Shanghai on the 9th December for New York with a cargo of about two million lbs. of green tea. The season's export to America from China and Japan promises to reach 83 million lbs. The yearly consumption in America is estimated at 65 million lbs., thus giving a considerable surplus over requirements, if consumption does not increase. Much of this increased supply will be in Japan teas, but China supplies are liberal.

IT is a pretty general belief outside of Burmah that a Burmah pony must necessarily be a good pony. The following extract from a Rangoon letter scarcely bears out this impression:—It is said that six hundred Shan ponies are expected at the Pony Mart this season—a goodly number, if quality answers to quantity. Good ponies in Rangoon are really very scarce; the ordinary breed is not excellent, and it is by no means an easy to secure a first-rate pair as people in India are apt to imagine. Perhaps out of three a man owns one only is fit for careful treatment and bad horse-keepers (a good syce is a novelty here) very few are decently fed or well groomed, and the stables prepared for their reception are generally poor, and exposed to sun and rain in a fashion which would kill every waler in India. Now and then one comes across really perfect specimens of the Shan pony, but the owners are, as a rule, "horsey" men, who have an eye to racing, or skilful and fastidious drivers with money and leisure. Of the Mandalay pony with a strain of Arab blood, it may be said that he is nearly perfect; but he is a rarity and not seen every day. Another reason, perhaps, that few really fine ponies are seen about town or cantonments is that even those who have money to spend are too indolent to buy a batch of ponies and break them in with care and skill. The result of this is that an adventurous man who loses one out of five animals, and breaks in and uses the others, is amply repaid for his trouble, and makes a profit on the money he has laid out. A rush is made at every auction for a well-known driving pony, and often he is secured months beforehand.

SIR GARNET WOLSELEY, it appears, is now being talked of at home as not unlikely to be the next Military Member of the Viceroy's council. The *Pioneer's* London military correspondent mentions this amongst other speculations as to what is in store for the Ashantee General. Again, it is not out of the question that Sir Garnet may relieve General Warre [illegible] understanding that his acceptance [illegible] imply the reversion of the chief command in India upon the next vacancy occurring. In any case, it would be only four-and-a-half years' off. By October, when he would go out, Mr. Childers's new plans will have been settled, and Sir Garnet would thenceforward have but little interest in discharging the dull routine duties of Quarter-master-General in Pall Mall. If he were assured of succeeding Sir Charles Ellice as Adjutant-General, he might prefer that post, carrying with it, as it does, virtually the position of second-in-command of the army. But, the correspondent says, I have good reasons for believing that Sir Alfred Horsford will be the next Adjutant-General, and, on the whole, I should not wonder if Sir Garnet Wolseley were to go out next winter, either as military member of Council, or Commander-in-Chief at Bombay. Should he not fill the latter, I take it that General Arthur Hardinge would be the man, General Parke, it is understood, not being desirous of any employment in peace time. General Hardinge has the most powerful court influence at his back; but he has also undeniable professional claims and qualifications that would well justify his selection.

FROM the last administration report of British Burmah it appears that little more than 5 per cent. of the total area of the province is under cultivation. [illegible] this, the most prosperous of the provinces under the Government of India. The cultivation consists almost wholly of rice, over 88 per cent. of the cultivated land being under that crop. The rice cultivation increased in the year dealt with in the report by 160,574 acres, which, it is reckoned, means an increased yield of 120,000 tons of rice. Indeed, the only limit to the extension of rice cultivation in Burma appears to consist in scarcity of labour obtainable for that purpose. The total land under rice is given for the year at 2,868,329 acres, out of a total cultivated area of 3,257,903 for the whole province.

DR. DE JONGH'S LIGHT-BROWN COD LIVER OIL.—In Throat Diseases its efficacy is unequalled. Sir G. Duncan Gibb, Bart., M.D., Physician to the Westminster Hospital, writes: "The value of Dr. de Jongh's Cod Liver Oil as a therapeutic agent in a number of diseases, chiefly of an exhaustive character, has been admitted by the world of medicine; but in addition I have found it a remedy of great power in the treatment of many affections of the Throat and Larynx, especially in Consumption, of the latter, where it will sustain life when everything else fails." PROCLAMATION DAY PARADE IN BOMBAY.

SATURDAY last being the anniversary of the proclamation of the assumption of the title of Empress of India by Her Majesty the Queen, a full dress parade in review order of all the troops in garrison took place on the Oval in front of the Secretariat. The troops arrived on the ground about 6-30 a. m. and were formed up in line in open order, facing west, with an interval of twelve paces between battalions. The Royal Artillery, 151 of all ranks, were on the right; next the 2-4th King's Own Regiment, 252 of all ranks; then the Bombay Volunteer Rifle Corps, 141 of all ranks; the 21st Regiment, N. I., 320 of all ranks; and the 25th Regiment, N. I., 267 of all ranks. The 21st Regiment, N. I., furnished points and colours. In the absence of His Excellency the Commander-in-Chief, Brigadier-General Aitchison commanded the parade. When he arrived on the ground, the Apollo Bunder battery fired an Imperial salute of 31 guns, and the infantry a *feu-de-joie*. Three cheers were then given for Her Most Gracious Majesty the Queen, Empress of India, which were heartily taken up by all the troops. The line then broke into column, and the regiments and the Volunteers marched past the Brigadier-General, the respective bands playing one after the other.

The field states of the troops and the Volunteers were as follows:—

Royal Artillery,—2 captains, 5 subalterns, 8 staff serjeants and serjeant, 3 trumpeters, and 133 rank and file, 151 in all.

2-4th King's Own Regiment,—1 lieut.-colonel, 3 captains, 2 lieutenants, 2 second lieutenants, 1 adjutant, 3 staff serjeants, 10 serjeants, 9 corporals, 31 drummers and band, and 200 rank and file, 252 in all.

Bombay Volunteer Rifle Corps,—3 captains, 6 lieutenants, 1 staff serjeant, 24 serjeants, 5 buglers, 27 band, 141 in all.

21st Regiment, N. I.,—1 captain, 1 subaltern, 10 native officers, 24 havildars, 19 drummers and fifers, 18 naiks, and 247 rank and file, 320 in all.

25th Regiment, N. I.,—1 field officer, 1 subaltern, 9 native officers, 19 havildars, 10 drummers and fifers, [illegible] and 200 rank and file, 267 in all.

General Hewett, in dismissing the Volunteers after the parade, wished them a Happy New Year, and many more. He observed that [illegible] not attended in such numbers as he could have wished, there being many absentees on account of the holidays having taken members from Bombay. It was satisfactory to find that the departure of the English mail had been fixed for Thursday, which change would enable the Volunteers to attend drill in larger numbers than before. They were told that, as practice alone secures perfection, great attention should be paid to drill.

THE PANTOMIME AT THE GAIETY.

AT a season of the year when the popular mind is easily impressed with pleasurable sensations, when we are apt to be

"Pleased with a rattle
Tickled with a straw,"

that man would be difficult to please who should criticise with undue severity a pantomime, and a pantomime especially that had been put upon the stage under the adverse conditions which rule in India. Some ingenuity would, however, be required to avoid the appearance of harshness in noticing "Blue Beard," as performed for the first time at the Gaiety on Saturday night; for there was much that calls for condemnation, and little to admire, in the performance. The previous announcements by the management drew together a full house, and the prevailing feeling among the audience, predisposed as it was to indulgence, was one of extreme disappointment. With one or two exceptions, the members of the company have no reason to plume themselves on the first representation of the pantomime. The tones of the prompter, being painfully distinctness throughout the evening, evidenced the want of care with which individual parts had been got up; while in one particular case—Miss Violet Vivian's—a song had to be sung by the leader of the orchestra, after the house had waited a considerable time for the lady to sing it herself. The careful acting of Mr. Burton as Blue Beard, and of Mrs. Willoughby, as Fatima, saved the performance from utter failure. Mrs. Willoughby, as Fatima, made a most successful appearance. The little that Mr. Turner had to do as Shacabac was fairly well done; and Miss Wilson's Selim, Blue Beard's unsuccessful rival in the affections of Fatima, was good. Still it is undeniable that the pantomime dragged, and that the house received its last words with relief. The harlequinade which followed was a pleasant piece of fooling; and the antics of Mr. Turner, as clown, met with the decided approval of the juvenile portion of the audience. Miss Hutchinson made a graceful columbine. The local hits, verbal and mechanical, in the harlequinade, and the shadow-pantomime, caused much amusement. The representation by a number of children of the ceremony of presentation of new colours, [illegible] by the Queen, was received with hearty cheers. The scenery and mechanical effects on the stage were carefully executed, and reflect credit on those responsible for them.

TO THE EDITOR OF THE "BOMBAY GAZETTE."

SIR,—In justice to one of the performers in the pantomime on Saturday night, I hope you will permit me to say a word with reference to an occurrence which attracted some attention during the performance. One scene was entirely mutilated through either the carelessness or indifference of Miss Hutchinson. She came on to the stage either could not or would not utter a word of the part allotted her, and coolly walked off again, leaving Miss Vivian, who was in no way whatever to blame, to bear the whole brunt of the situation. Such a *contretemps* was sufficient to unnerve and embarrass an older and more experienced actress than Miss Vivian, and it is not very astonishing that she was so completely upset, that she was unable to proceed with her song. It was most plucky of her, under the circumstances, to remain on the stage and so avert, at her own cost, the confusion which might otherwise have been caused by Miss Hutchinson's conduct; and I think she deserves great credit for doing so, especially as she must have known that most of the audience would probably suppose that it was she, and not Miss Hutchinson, to whom the *contretemps* was due. This is not the first occasion on which the latter young lady has marred a performance. The [illegible] line" was attributable to her. She was originally cast, and even the part for which she was originally allotted her, had to the smaller part subsequently These are, I think, facts which [illegible] Mrs. Norville, scriber, a right to complain; but my object in addressing you is not to animadvert on Miss Hutchinson's capacity as an actress, but solely to do an act of common justice on Miss Vivian. I am sure there is not one of the company who will not corroborate me in the assertion that the occurrence of Saturday was attributable to Miss Hutchinson.

THE BOMBAY HUNT.

(FROM OUR HUNTING CORRESPONDENT.)

THE meet on Saturday morning was at Santa Cruz, and notwithstanding the distance from town and the fact that many members of the Hunt are at present away from Bombay, there was a very fair field. A find was made soon after crossing the railway, and the jack gave an excellent run of forty minutes. There were only one or two slight checks throughout, and the pace maintained was hard, the scent being all that could be desired. The country crossed was what has been so often described before, and a good deal of fairly stiff fencing had to be done. The form of our ancient sportsman on Saturday was the admiration of the [illegible] mile, and was never once seen to look for a gap. [illegible] fall took place in the verandah of a lonely bungalow in a wood not far from Andheri Hill, jack having taken to it as a last resource. The next meet is on Wednesday at Mr. Jackson's bungalow on Worlee Hill.

CONVERSION AT MATHERAN.—A servant of Miss Cunyngham, who recently entered the Roman Catholic Church, followed suit to her mistress and was baptised on Saturday, the sacrament having been administered by the Rev. Father David de Souza.

DROWNED.—A coroner's inquest was held on Friday last at Tank Bunder, Mazagon, on view of the body of a European lad, named Daniel O'Connor, aged 12 years, who accidentally fell into a tank in that locality whilst at play with other boys, and was drowned. A verdict of accidental death by drowning was recorded.

DEATH FROM EXCESSIVE DRINKING.—A coroner's inquest was held on Saturday last at the Morgue, Colaba-causeway, on view of the body of Edward Sawyers, aged [illegible] Deceased was an apprentice on board the Britannia ship Jumna. He died suddenly on the Friday night on [illegible] and [illegible] that death [illegible] Statesman.

NARROW ESCAPE OF A TIGER TAMER.—We learn that Mr. Warner, the tiger tamer of Chiarini's Royal Italian Circus, had a narrow escape from death on Monday last. It appears that some of the labourers engaged in clearing the lion's stall, were about to move the beast to another place, when by some error, they let go the rope by which it was held. The lion thus released sprang at Mr. Warner, knocking him down, and endeavoured to gore him, but this was happily prevented by the appearance of Mr. Agrati, the agent, Mr. Hayes, and others who succeeded, after a great deal of trouble and at much risk, in securing the rope, and with it the animal. Mr. Warner sustained no serious injury. The scene at the rehearsal, which was going on at the time can be better imagined than described, when it was found that the Bison had got loose.—*Statesman.*

COOK AND ROBERTS AT ALLAHABAD.—The game of billiards between Roberts and Cook, which took place at the N. W. P. Club on Thursday evening, did not attract such a large number of spectators as might have been expected, such an occasion. Possibly the high price of the tickets, and the fact that most of the members of the Club have had more than one previous opportunity of witnessing similar play, may account in a great measure for the comparatively empty benches. The game was 750 up, and the time occupied was two hours and fifteen minutes. The play throughout was perhaps, more steady and graceful than brilliant, most of the points on both sides being scored chiefly by spot strokes and skilful nursing of the balls on every possible occasion. The largest breaks were two by Roberts of 125 and 101 in the former of which were 38 consecutive spot strokes and two by Cook of 81 and 74. Except at the 300 stage, Roberts kept well ahead up to 741, when Cook caught him up and appeared to win with comparative ease. The score stood as follows:—Roberts, 100, 200, 280, 400, 500, 600, 700, 741; Cook, 76, 127, 200, 275, 380, 462, 634, 750. After a short rest, the champion players closed their entertainment with three games of pyramid pool, in which Cook seemed to have it all his own way, his scores being (1) 11 *to love*, (2) 8 *to* 6, (3) 9 *to* 2. Earl de Grey and several members of the Viceroy's Staff were present on the occasion.—*Pioneer.*

THE TELEPHONE.—Mr. Clement D. Leggatt, of the Oriental Bell Telephone Company, of London, who arrived in Madras on the 19th instant, from Calcutta in the Navarino, had an interview, of a very satisfactory nature, on the 21st December with H. E. Sir Neville Chamberlain, and on Wednesday last, with the Right Hon'ble the Governor, the Hon'ble W. Huddleston, and the Hon'ble D. F. Carmichael. He returns to Calcutta on the 8th inst. to have further communications with the Supreme Government and the Government of Bengal, on the subject of the introduction of the telephone into India.—*Madras Mail.*

THE NEW GOVERNOR AND THE MAHOMEDAN COMMUNITY.

AN address of welcome on behalf of the Mahomedan community was presented to the Right Honourable W. P. Adam, Governor of Madras on Wednesday.

His Excellency replied to the address as follows:—"I have very great pleasure in meeting you to-day as representing the Mahomedan community of Madras. I am much indebted to you for the kindly words in which your address of welcome is couched, and I am very grateful to you, and to all in this Presidency, who have accorded to me so kind a reception. You have in your address alluded to my former service in India. It is very pleasant to me to think that I do not come quite as a stranger among you, and that by many ties and recollections I am especially bound to the Presidency of Madras. I always look back to my former residence in India with great satisfaction. The interest which I then took in this country, and the work of its Government, the experience which I acquired, and the deep sympathy which I learned to feel in the people, have never died away, or been forgotten; and although a generation has almost passed, and I have grown grey since that time in work, often laborious, but always interesting, in Parliament and in Government at home, I have never ceased to feel a keen interest in all connected with India. The principles of Indian Administration, which were early instilled into me both by the precept and the example of my uncle Sir Frederick Adam, and my relatives Mountstuart Elphinstone and Lord Elphinstone,—names so known and so honoured in this Presidency and Bombay,—will, I trust, always guide me, and will be to you and the other natives of the Presidency, a guarantee of my sincere desire to forward their welfare and prosperity. I trust that I shall never forget the great task which, under the blessing of God, my countrymen have to perform to India, to govern righteously, firmly, and temperately, not for our own good, but for the benefit of the people of India. The Viceroy made a wise and true remark during his progress a short time ago, when,

CURE OF RHEUMATISM AND SCORBUTIC ERUPTION.

The Elms, North Cheam, Surrey, S., 4th March 1875.
"SIR,—I had been suffering from rheumatism for several years, together with scorbutic eruption of the skin, of a local nature, about the size of the palm of the hand, and was induced to try your Blood Mixture in consequence of two gentlemen in my neighbourhood having been cured of obstinate sore on the body. After taking two bottles I became much better, and continued it up to the tenth bottle, when I found the rheumatism had left me, and my arm was healed. I consider it a most valuable medicine.

DR. J. COLLIS BROWNE'S CHLORODYNE
IS THE
ORIGINAL AND ONLY GENUINE.

DR. J. COLLIS BROWNE (late Army Medical Staff) discovered a remedy, to denote which he coined the word CHLORODYNE. Dr. BROWNE is the sole inventor, and it is therefore evident that, as he has never published the formula, anything else sold under the name CHLORODYNE must be a piracy.
Dr. COLLIS BROWNE'S CHLORODYNE.—All attempts at analysis have failed to discover its composition.
Dr. J. COLLIS BROWNE'S CHLORODYNE.—Vice-Chancellor Sir W. Page Wood stated publicly in Court that Dr. J. COLLIS BROWNE was undoubtedly the inventor of CHLORODYNE, that the whole story of the defendant was deliberately untrue, and he regretted to say it had been sworn to.—See the *Times*, July 13, 1864.
REMEDIAL USES AND ACTION.

This invaluable remedy produces quiet, refreshing sleep, relieves pain, calms the system, restores the deranged functions and stimulates healthy action of the secretions of the body without creating any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisite. Thousands of persons testify to its marvellous good effect and wonderful cures, while medical men extol its virtues most extensively, using it in [illegible] Diarrhœa, Cholera, Dysentery, Diarrhœa, Cholera, Spasms, Hysteria, Palpitation, Neuralgia, Whooping Cough, Cramp, Rheumatism, &c.
EXTRACTS FROM MEDICAL OPINIONS.

The Right Hon. Earl Russell communicated to the College of Physicians, and J. T. Davenport, that he had received information to the effect that the only remedy of any service in Cholera was CHLORODYNE.—See *Lancet*, Dec 31, 1864.
From A. Montgomery, Esq., late Inspector of Hospitals, Bombay:—"CHLORODYNE is almost valuable remedy in Neuralgia, Asthma, and Dysentery. To it I fairly owe my restoration to health, after 18 months' severe suffering, and when other remedies had failed."
Dr. Lowe, Medical Missionary in India, reports (Dec. 1865,) that in nearly every case F. Cholera in which Dr. J. COLLIS BROWNE'S CHLORODYNE was administered, the patient recovered.
Extract from *Medical Times*, Jan. 12, 1866:—"CHLORODYNE is prescribed by scores of orthodox medical practitioners. Of course it would not thus be singularly popular did it not supply a want and fill a place."
Extract from the General Board of Health, London, as to its efficacy in Cholera:—"So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases."
Overwhelming medical testimony accompanies each bottle.
IMPORTANT CAUTION.—The Immense sale of this remedy has given rise to many unscrupulous imitations.
N. B.—Every bottle of genuine CHLORODYNE bears on the Government stamp the name of the inventor.

DR. J. COLLIS BROWNE.

DR. DE ROOS' COMPOUND
RENAL PILLS

ARE celebrated all over the world as the most safe and speedy remedy for the above dangerous complaints. Discharges of any kind, Stone in the Bladder, and Diseases of the Kidneys and Urinary Organs generally. Possessing tonic properties, they agree with the most delicate stomach, strengthen the digestive organs, increase the appetite, improve the general health, and in three days will effect a cure when copaiba, cubebs, and all dangerous medicines of that class have utterly failed.
These celebrated Pills are an infallible remedy in the most obstinate cases. By their use alone, many thousands are annually restored to health, and the direst cases of gout and rheumatism may now be considered a voluntary affliction, as no one need suffer these excruciating torments if they will but have recourse to these Pills, which are confidently recommended by the proprietor as the only real specific: whilst for weakness across the loins, sandy or other deposit in the water, and in all cases of renal or urinary disturbance, they are indeed unrivalled. They correct acidity of the stomach, promote the functions of the liver and kidneys, thereby preventing stone in the bladder, &c. Many complaints, long supposed to be nervous, often arise solely from contamination of the blood with certain impurities which should have been carried off by the kidneys. Thousands of testimonials from grateful patients attest their marvellous efficacy. In boxes 1s. 1½d., 2s. 9d., 4s. 6d., 11s. & 33s.

THE MOST WONDERFUL PILLS IN THE WORLD
DR. DE ROOS'
PILULÆ VITÆ, OR VEGETABLE LIFE PILLS.

ALL sufferers from [illegible] accumulations, [illegible] constitution, low spirits, loss of memory, disagreeable [illegible] inability, failure of the mental and bodily powers, weakness of the nerves, headache, noises in the head, giddiness, indigestion, and other symptoms of chronic disease, will hail with joy the discovery of Dr. De Roos Life Pills, which speedily and almost magically remove pain and diseases of whatever nature, restore cheerfulness to the spirits, vigour to the body, and strengthen all the organs on which health and life depend, they do not contain a particle of mercury, but are purely vegetable; and for all affections of the liver, flatulency, bile, sick headache, dizziness, loss of appetite, lowness of spirits, the sensations of fulness at the pit of the stomach, pain between the shoulders, and the distress arising from indigestion and [illegible] debility they will be found of unexampled efficacy; and it is no small advantage that they can be taken at any time without danger from wet or cold, or necessity for restraint from business or pleasure. They act mildly on the bowels, without pain or griping, impart strength to the stomach, promote a healthy action of the liver, thus preventing, or when present, curing the jaundice, and dropsy, clearing the skin, removing sallowness and pimples, purifying the blood, bracing the nerves, and marvellously invigorating the whole system. Females of all ages will find them invaluable, and should never be without them. Price 1s. 1½d., 2s. 9d., 4s. 6d., 11s., and 33s. per box.

THE MOST ASTOUNDING CURES

Are daily being effected in cases of Nervousness, General Debility, Impurity of the Blood, Defective Circulation, Languor Lassitude, Depression of Spirits, Indigestion, Pain and Palpitation in the Side, &c., &c., by

DR. DE ROOS'
WORLD-FAMED GUTTÆ VITÆ, OR VEGETABLE LIFE DROPS

whose effects are really magical in restoring lost tone to the system (arising from whatever cause), re-invigorating and enlivening the whole corporeal frame, and gradually, but effectively, building up the most shattered constitution.
Although this truly wonderful recuperative tonic is not put forward as imparting immortality, it is not too much to say that by its means a new life is, as it were, imparted to the nervous and debilitated, who were evidently sinking into an early grave; whilst to those of maturer years it will gently and serenely protract the close of life, thousands of apparently hopeless cases, given up by the faculty, are now in the enjoyment of health like a greatest blessing, a living testimony to the unspeakable value of this remarkable medicine. Hundreds of testimonial, too numerous to publish, may be seen by any one. This [illegible] is extremely pleasant to take and requires [illegible] such a miraculous medicament is in existence.
